# About Us

**Welcome to The Wedding Biryani** - A Feast with Soul.

If you've ever tasted biryani at a South Indian wedding, you know it's more than just food.. it's love, tradition, and celebration served on a leaf.

But somewhere along the way, biryani became just another item on a restaurant menu - rushed, reheated, and lifeless.

That's why we started **The Wedding Biryani**.

To bring back the real emotion, the richness, the experience of that one unforgettable meal you still remember from a cousin's wedding.

Here, our chefs don't just cook. They honour decades of tradition with every dum. We slow-cook, hand-layer, and taste every batch like it's being served to family.

## **Why thousands trust us?**

- Recipes crafted by wedding biryani masters
- Awarded 'Best Biryani in Chennai' by Times Food Awards
- 3,000+ loyal daily Clients
- Zero shortcuts. 100% authenticity.

Because we believe food should do more than fill your stomach. It should make you feel connected, celebrated, and cared for.

So whether you walked in alone, or with your entire family,  
You're our guest of honour today.

Welcome to The Wedding Biryani.  
Let's turn this meal into a memory
